

**2017-2018  
SCHOOL IMPROVEMENT PLAN**

**Whispering Forest  
Elementary**

**St. Tammany Parish Public Schools**

*This schoolwide plan meets the requirements as outlined in the Every Student Succeeds Act (ESSA).*

**Whispering Forest Elementary**

**1. COMPREHENSIVE NEEDS ASSESSMENT**

- *Provide outcomes of the school's comprehensive needs assessment, as well as a description of the data sources used in the process. Findings should include detailed analysis of all student subgroups; an examination of student, teacher, school, and community strengths and needs; and a summary of priorities that will be addressed in the schoolwide plan.*
- *The Comprehensive Needs Assessment will be used to develop a comprehensive plan for the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the school and District.*

<b>STRENGTHS</b>	<b>WEAKNESSES</b>
Kindergarten has had the highest Benchmark percentages at 77% and 72% in Spring of 2016 and Spring of 2017 respectively, as measured by DIBELS. Kindergarten has steadily increased their percentage of Benchmark from Fall to Spring over the past 3 years.	First grade has the lowest percentage of students scoring Benchmark for two in 2016-2017 with 61%.
The highest CRT Assessment Index score was 101.2 in 2014-2015.	The lowest CRT Assessment Index score was 86.7 in 2016-2017.
The SPS has declined steadily since 14-15, with a decline of 14.5 points, from 101.2 in 14-15 to 86.7 in 16-17. The only index that showed improvement in 16-17 was ELA Index which improved by 2.6 points. The highest average index area over the past five years is in Math with an average index of 103.7.	The SPS has declined steadily since 14-15, with a decline of 14.5 points, from 101.2 in 14-15 to 86.7 in 16-17. All CRT Index areas have declined over the past 3 to 5 years; ELA declined by 12.4 since 12-13; Math declined by 11.0 since 13-14, Science declined by 9.4 since 14-15, and Social Studies declined by 35.9 since 14-15. The lowest average index area over the past five years is in Social Studies at 90.3.
Math is a potential strength. Specifically, Major Content at 82% proficient, which is mainly Type I questions. (We need to focus more on Type II and III questioning techniques.) Strongest ELA subclaims are Literary Text at 78% and Knowledge & Use of Language Conventions at 78% proficient.	Our potential weakness is Written Expression at 55% proficient, which is a component of all subject areas and is affecting scores not only in ELA, but also Math and Social Studies. The lowest Math subclaim is Expressing Mathematical Reasoning at 67% proficient.
The Math Index is a potential subject area strength as evidenced by the highest index scores for the past five years, averaging 103.7. Major Content has been the highest subclaim in Math at 82% proficiency.	The ELA Index is a potential subject area weakness as evidenced by lowest index scores for 3 of the past 5 years, averaging 91.8 index points. Written Expression has been the lowest subclaim in ELA at 55% proficiency, which is also affecting scores in other subject areas.
In ELA the past 3 years, the White subgroup has been the highest performing subgroup by at least 0.7%. The White subgroup has also been the highest performing subgroup in Math for 2 of the past 3 years.	Students with Disabilities has been the lowest performing subgroup in both ELA and Math for the past 5 years by at least 5%; ELA by at least 12% in Math.
Students with Disabilities has not dramatically decreased compared to the rest of the subgroups compared from 2013-2017. Students with Disabilities have only decreased by 4.5%.	The White subgroup has declined by 13% over the past 5 years in ELA, and has also declined in Math by 6% since 13-14 (3 year decline). The Economically Disadvantaged subgroup has declined in ELA by 12.3% over the past 5 years, and has also declined in Math by 15.9% since 14-15 (2 year decline).

### Whispering Forest Elementary

<p>In ELA, the Black achievement gap has decreased over the past 2 years by 8.3% compare to the White subgroup. Also, the SWD subgroup achievement gaps have decreased in ELA by 8.5% and in Math by 6.2% over the past 5 years since 12-13.</p>	<p>In ELA, the Economically Disadvantaged achievement gap has increased by 2% over the past 3 years compared to the White subgroup. In Math, Economically Disadvantaged achievement gap has increased by 14% over 2 years compared to the White subgroup.</p>
<p>The Math proficiency scores are consistently higher over the past four years. Math proficiency scores over the past four years have averaged for Whole School at 87.5%, Black at 78%, White at 90.3%, ED at 82.7%, and SWD at 64.7%.</p>	<p>The ELA proficiency scores are consistently lower over the past four years. ELA proficiency scores over the past four years have average for Whole School at 61.7%, Black at 75.2%, White at 78.8%, ED at 74.2%, and SWD at 51%.</p>

### GOALS

- ***Goals must be Specific, Measurable, Achievable, Results-focused, and Time-bound.***
- ***Must Include at Least 3 Academic Goals Aligned to the Most Current School Data Analysis***

1. From Spring 2017 to Spring 2018 the students in the subgroup Students with Disabilities for the Whole School will increase their Assessment Index score by at least 13 points from a 57.0 to a 70.0 on LEAP 2025.
2. From Spring 2017 to Spring 2018 third grade students will increase proficiency in Written Expression by at least 15% from 55% to 70% on LEAP 2025.
3. Second grade students will increase reading achievement by increasing the percentage of students scoring At or Above Benchmark on DIBELS Next by at least 3% from 82% (Fall 2017) to 85% (Spring 2018).
4. From Spring 2017 to Spring 2018 third grade students will increase proficiency in Math by at least 8 points from an 82.0 to a 90.0 on LEAP 2025.

**2. PARENT AND FAMILY ENGAGEMENT**

- *The SIP must be developed with the involvement of parents and other members of the community to be served, as well as individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and school staff. If the plan relates to a secondary school, students may be included and other individuals determined by the school.*
- *The SIP shall be available to the District, parents, and the public, and information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.*
- *Each school must meet ESSA requirements, including the development and implementation of a parent and family engagement policy that includes a school-parent compact outlining shared responsibility for high student academic achievement.*

**3. SCHOOLWIDE PLAN STRATEGIES**

The schoolwide plan shall include a description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:

- Provide opportunities for all children, including each of the subgroups of students, to meet the challenging State academic standards*
- Use methods and evidence-based instructional strategies that strengthen the core academic program in the school, increase the quantity and quality of learning time, and help provide an enriched and rigorous curriculum, which may include programs, activities, and courses necessary*

**Whispering Forest Elementary**

*to provide a well-rounded education;*

- *Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards; and*
- *Use evidence-based strategies to improve the achievement of the lowest-achieving students. (Include a description of how and when the strategies will be implemented. Be sure strategies are aligned to areas identified in the comprehensive needs assessment.)*

### Whispering Forest Elementary

- Identified LEP students receive services from ESL teachers, paraprofessionals, and/or tutors at their school site. These services are paid for through GFF, Title I, Title III, and Title III Immigrant Funds.

#### **21<sup>st</sup> Century Programs:**

- Students in participating schools are entitled to attend the 21<sup>st</sup> Century afterschool programs during the school year and during the summer.

#### **Headstart Preschool Programs:**

- Headstart preschool children graduate into their feeder schools in the District in which they live. Receiving schools provide transition activities and services for children and parents. Preschool programs are funded through LA4, 8G grant, Title I, and GFF.

#### 4. Regular Monitoring and SIP Revision

- *The SIP remains in effect for the duration of the school year, except the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards.*
- *The school will annually evaluate the implementation of, and results achieved by, the schoolwide program using data from the State’s annual assessments and other indicators of academic achievement to determine whether the plan has been effective in increasing achievement of students in meeting the State’s academic standards, particularly for those students who had been furthest from achieving the standards. The school will revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.*

**Explain how the SIP Committee meets and discusses school programs implemented, as outlined in the SIP, to determine effectiveness and to assist in planning for the upcoming school year:**

- The SIP Committee meets on an “as need” basis throughout the year, in addition to our quarterly meetings. Meetings are held after school. We look at the previous year’s data to determine if and how programs are going to be used. Once we decide to use a program, we meet once it has been implemented to monitor its effectiveness, ease of use, and frequency of use. Evaluation of programs is done at the beginning of the next school year once all data has been collected and analyzed from the previous year. We decide on programs at that time.

**Describe how the SIP is monitored during the school year using multiple types of data and how the information is used to make necessary adjustments to increase student learning:**

- Quarterly SIP meetings – at these meetings we look at the most recent SLT, DIBELS, and report card data. We pull data from our internet-based programs as well to see how frequently they are being used and how the students have grown with the use of the programs. Our phonics intervention program will also be discussed and analyzed; we will look to see how students have progressed in the different groups, and their path to the fluency/enrichment group. The SIP Committee will make adjustments to how the programs are be implemented if changes need to be made.

**Describe how diagnostic, interim, and summative assessment data is used to evaluate instructional practices, determine patterns of student achievement, growth, and changes in growth gaps across classrooms, grade levels, content areas, claims/subclaims, and subgroups:**

- Diagnostic assessment data is used to formulate intervention plans and groups. That data is the starting point for instructional plans. Interim assessment data is used to adjust groups if necessary, and formulate a learning plan to promote continued student growth. Summative assessment data is used to measure student growth and to evaluate programs. We also use this data to plan for the upcoming school year and to monitor trends and overall strengths and weaknesses.
- Third grade is the only standardized testing grade at Whispering Forest, so other data sources are looked at just as closely and used to determine most intervention strategies that are implemented. We focus on trends that show specific grade level weaknesses as well as subgroup weaknesses.

**Describe how results of this assessment are reported to the school’s stakeholders:**

- SIP is discussed at monthly faculty meetings and PLCs
- Parents are informed of the SIP at Title I PF events throughout the year
- Title I Evaluation Summary is presented at Open House each year

## DISTRICT ASSURANCES

- I certify that this school improvement plan was designed to improve student achievement with input from all stakeholders.
  
- I assure that the school-level personnel, including stakeholder representatives responsible for implementation of this plan, have collaborated in the writing of the plan.
  
- I hereby certify that this plan has all of the following components:
  - Evidence of the use of a comprehensive needs assessment
  - Measurable goals
  - Parent and family engagement activities aligned with assessed needs
  - Evidence-based methods, strategies, and activities that guide curriculum content, instruction, and assessment
  - Plans for transitioning incoming and outgoing students in the school community
  - Professional development aligned with assessed needs and strategies to attract and keep high quality teachers
  - Coordination and integration of federal, state, and local resources, services, and programs
  - Evaluation plan that includes methods to measure progress of implementation and effectiveness of strategies and programs
  - An schoolwide action plan with timelines and specific activities for implementing the above criteria
  
- I further certify that the information contained in this assurance is true and correct to the best of my knowledge.
